

Bobcat®

One Tough Animal.

THE ALL-NEW

AT450

ARTICULATING TRACTOR

Year-Round Versatility and Productivity

Introducing the Bobcat® AT450 tractor—a year round articulating, oscillating, four-wheel drive machine. With ultra-stable maneuverability and uncompromising versatility, the AT450 is engineered to maintain hobby farms, commercial properties, golf courses, sports facilities and more.

From hauling material, to maintaining acres of turf, to tackling the deepest snow this machine offers year-round productivity. An articulating oscillating frame keeps all four wheels on the ground so operators can take on uneven terrain and slopes confidently. And with the standard front hitch system, changing attachments is quick and easy, keeping operators in the field and on task.

THE ALL-NEW

AT450

ARTICULATING TRACTOR

One Tractor. Every Task. Year-Round Versatility.
