

UNLEASH THE POTENTIAL OF YOUR LAWN.

BOBCAT DETHATCHERS

Take charge of the toughest dethatching tasks with Bobcat® dethatchers. With three powerful models to choose from, you'll efficiently dethatch and overseed an area of up to 18,700 square feet per hour.

Offering built-in versatility, Bobcat dethatchers allow you to select the ideal configuration for your needs, featuring a choice between a flail blade for power raking or four optional fixed blade reels. Facilitating efficient transitions between modes via a transport lift lever, Bobcat walk-behind dethatchers ensure quick engagement and disengagement of transport mode. The DT18 model is equipped with a bubble shield to prevent debris buildup and minimize downtime, while the DT20 model's turf tires offer improved traction and stability without harming turf.

VERSATILE DETHATCHING SOLUTIONS FOR EVERY JOB

Easily tackle even the largest dethatching projects with Bobcat dethatchers. Built with durable components that are gentle on turf and boasting the trusted power of Honda® engines, these dethatchers allow you to efficiently complete any job.

Built-In Versatility

Confidently choose the right setup for any dethatching job with a choice of a flail blade for power raking or four optional fixed blade reels.

Reliable Power

Harness the power of a Honda engine – packing 4.8 hp in the DT18 model and 11 hp in the DT19 and DT20 models – and tackle even the most challenging dethatching projects.

Buildup Prevention

Keep your DT18 model running smoothly with the specially designed bubble shield that prevents debris buildup and minimizes downtime.

Efficient Transport

Easily transition between modes with a transport lift lever that allows for quick engagement and disengagement of the transport mode.

High Germination

With its unique slit seeding disc delivery, the DT20 model boasts a germination rate of over 90%, ensuring a lush and rejuvenated lawn.

Turf-Friendly Tires

The DT20 model's turf tires are designed to deliver improved traction and stability – without damaging the turf.
